EUROPEAN COOPERATION DAY
Sharing borders, growing closer

Final Conference of the PAT-TEIN Project

Tools for Capacity building of actors of Cross-Border Cooperation

Conference in the Framework of the Europe Cooperation Day

18.09.2014, Strasbourg

PARLAMENTUM EUROPAEUM

Lifelong Learning Programme

Context

The PAT-TEIN (Professionalizing Actors of Cross-Border Cooperation) project has been developed within TEIN (Transfrontier Euro-Institut Network).

In the context of growing awareness of the importance of Cohesion Policy in Europe, our objective is to build capacity in cross-border contexts and in this way strengthen European integration.

In this respect, TEIN brings together training organizations and universities with the aim of facilitating cross-border cooperation (CBC) and providing practical solutions to the problems faced by Europe in tackling transfrontier issues: the toolkits developed within PAT-TEIN are one of these solutions and we'll be more than pleased to present them to you in the framework of the Europe Cooperation Day 2014!
