Dissemination plan

WP 07

(GREECE)

The Dissemination plan is divided in 5 Areas:

1. **Presentations in conferences/seminars**
2. **Presentations in meetings**
3. **Networking**
4. **Publications**

Please provide **detailed** information about each Area.

1. Presentations in conferences/seminars

Presentations in national and international conferences are valuable means of dissemination as they will stimulate interest in the YOTE project and its results/products, and will reach a wide and varied audience, like teachers, counsellors, researchers, political authorities, trainers and educators. At last but not least, presentations stimulate discussion and feedback.
