Projektinformationen

Titel:	EVOC - Ecvet unit for vocational studies in child care
Projektnummer:	LLP-LdV-TOI-07-FI-160811
Jahr:	2007
Projekttyp:	Innovationstransfer
Status:	abgeschlossen
Land:	FI-Finnland
Marketing Text:	The mobility of students in social and health care training has increased but many cases it is still difficult to transfer the learning outcomes from one learning context to another. EVOC has created a unit for child care education which can be studied in any three of the project countries.
Zusammenfassung:	The aim of the project was to develop a study unit of qualification in child care, which can be accepted by partner institutes and can be transferred from one country to another. The unit was defined according learning outcomes, in terms of knowledge, skills and competence and it is accepted and in use in all three countries.
Beschreibung:	The Vocational teachers in three countries created the unit based on child care education. The project implemented ECVET principles in to social-and health care field in a very practical way. All together 15 students have tested the unit in Finland, Sweden and Germany. The main product of the project is the Handbook containing this unit.
Themen:	*** Anerkennung, Transparenz, Zertifizierung *** Erstausbildung ** Interkulturelles Lernen * Lebenslanges Lernen * Berufsorientierung und -beratung * Sprachausbildung
