Project Information

Title: ANGIE 2.0

Project Number: 2012-1-DK1-LEO05-05247

Year: 2012

Project Type: Transfer of Innovation

Status: granted

Country: DK-Denmark

Marketing Text: A New Generation in Education 2.0
The main objectives is to find methods to validate and recognize in-formal and non- formal learning for students having internship abroad. The partners have agreed upon what non-formal and in-formal learning is.
Explenation of EQF, ECVET, Learning Outcomes, Recognition of Learning outcomes.
In the application it was planned to have 3 ECVET units 1. Languages 2. International Competences 3. International management. But after involvement of ECVET experts it was decided to drop the three ECVET units mentioned in the application and replace them for 7 workable ECVET units, called learning units, in which the informal learning will be accessed.
The units are:
1.The sound of Cheese - cheese making in the Alpes -At
2. Organic dairy farming - Dk 3. Innovative mechanization - Nl
4. Canning Food - Es
5. Mechanized forestry - Se
6. QualityControl in DOC - Fr
7. Dairy farming - Fr The students going abroad will use digital portfolio and blog as proves.

Summary: The main goal of the project is to find methods and methodoligy to recognize and validate in-formal and non-formal learning in vocational education vhen students are abroad. It has to be messuable in the context of EQF, ECVET, Quality frame, Europass. How do we descibe what formal, non formal and informal learning are and how to describe the learning units. The project is focussing on the vacational education sector and all the stakeholders involved in this sector.

Description: The information about ANGIE 2.0 is to be found On EUROPEA website europea.org (under Construction)and the intranet teamengine, but teamengine is only for partners, WHO have a password, and is the communication Tool for the partners. Teamengine is a Swedish platform for communication and storing documents. It is not mend to be open for the whole world.

Themes:
* Utilization and distribution of results
* Labor market
* Sustainability
* Recognition, transparency, certification
* Vocational guidance
* Enterprise, SME
* Language training
* Continuous training

Sectors:
*** Information and Communication
*** Education
*** Agriculture, Forestry and Fishing

Product Types:
website
others
material for open learning
teaching material
Film
evaluation methods
distribution methods

Product information: Methodoligy and working with the concept of EQF, ECVET, Quality frame, Europass, formal, non formal and informal learning, units etc.
Information about the 7 ECVET units

Project Information

Quality plan,communication, dissimination and valorisation plan. In spring 2014 30 students from different countries will act as pilots in different countries to test the methods for validation and recognition of the in-formal and non-formal learning. The pilots have to make a blog from the 3 weeks stay that the pilots will be abraod. The blogs will be avaible for all on >www.europea.org<
