Project Information

Title:	Connessione, work-life balance
Project Number:	NL/07/LLP-LdV/TOI/123012
Year:	2007
Project Type:	Transfer of Innovation
Status:	completed
Country:	NL-Netherlands
Marketing Text:	BDF is a Dutch Business Innovation Center. It has developed a European project called Connessione. Connessione stimulated entrepreneurs to implement an active 'Work Life Balance' policy for their employees. A solid balance between work and other activities influence the (personal) life and working efficiency of the employee in a positive way. Within the Connessione project, BDF exchanged innovative solutions with an international project group and established new applications. These applications were adjusted to everyone's own national context and were then implemented in small and middle sized companies. Together with partners from Spain, Germany, Italy, Slovenia and Ireland, BDF clarified the benefits of an active Work Life Balance policy to directors and managers of SMEs. Please visit www.connessione-project.eu for more information.
