Marketing Text: INNO-AT Projekt beschäftigt sich mit der Entwicklung eines e-learning und blended learning Trainingsmittels im Bereich der Buchhaltung, des Finanzmanagements und des Rechnungswesens.

Zusammenfassung: Das INNO-AT-Projekt fördert Verbesserungen im Umgang mit Buchhaltung und Rechnungswesen innerhalb der KMUs, um nützliche finanzielle Informationen einem großen Kreis von Benutzern zugänglich zu machen. Außerdem soll es dafür sorgen, dass die Bedeutung der Buchhaltung als ein Management-Instrument erkannt wird, das die Entwicklung von kleinen und mittleren Unternehmen fördert. Häufige Gesetzesänderungen für den Bereich der Buchhaltung und des Rechnungswesens verlangen regelmäßiges Training, Konsultation und den Austausch von Informationen. E-learning stellt all diese Möglichkeiten, dieser Nachfrage zu begegnen, bereit – einfacher und kosteneffektiver Zugang zum Training, effiziente Hilfsmittel für regelmäßige Informations-Updates und den Austausch von Informationen.
