Projektinformationen

Titel:	ECO-SME+ HERRAMIENTA E-LEARNING PARA PYMES SOBRE EL SISTEMA COMUNITARIO DE ECOGESTIÓN Y ECOAUDITORÍA
Projektnummer:	ES/08/LLP-LdV/TOI/149025
Jahr:	2008
Projekttyp:	Innovationstransfer
Status:	abgeschlossen
Land:	ES-Spanien
Marketing Text:	El proyecto aborda dos problemáticas que afectan a las PYMES: las dificultades que tienen para realizar acciones de formación continua y apoyarlas para que cumplan la legislación medioambiental.
Zusammenfassung:	1)Adaptar y difundir una herramienta e-learning innovadora, capaz de formar a las PYMEs sobre los requisitos y pasos necesarios para implantar el sistema comunitario de gestión y auditoría medioambientales: mecanismo voluntario destinado a las empresas y organizaciones que quieren comprometerse a evaluar, gestionar y mejorar su comportamiento en materia medioambiental. 2)Identificar el nivel actual existente en la implantación de dicha herramienta en las PYMEs de los Estados a los que pertenecen los socios del proyecto (tanto a nivel nacional como regional). 3)Realizar una experiencia piloto en 75 PYMEs, procedentes de los distintos países que conforman el partenariado. 4)Identificar tanto las buenas prácticas como los obstáculos encontrados.
Beschreibung:	The Project objectives are the following: • To create an innovative e-learning tool, able to train SMEs on the requirements and steps necessary for implementing the EU Eco-Management and Audit Scheme EMAS, based on the results of two Leonardo da Vinci programmes about EMAS and environment. • To inform, make aware and train SMEs on the EU Eco-Management and Audit Scheme EMAS, through the e-learning tool which will be developed in the project field. • To carry out a pilot experience in which 75 SMEs, coming from the country partners, will test the e-learning tool on EMAS. To achieve the objectives defined in the project, the following activities will be carried out: • Analysis of SMEs' situation about EMAS and e-learning training. • Analysis of the SAVIGMA and ETIV projects for transferring their products and developing the e-learning tool targeted to SMEs. • Production of the ECO-SME+ e-learning tool. • Development of the pilot experience with 75 SMEs in which the e-learning tool ECO-SME+ will be tested, evaluated and validated.
