Projektinformationen

Titel:	E-TPOHS
Projektnummer:	2010-1-TR1-LEO05-16767
Jahr:	2010
Projekttyp:	Innovationstransfer
Status:	bewilligt
Land:	TR-Türkei
Marketing Text:	E-TPOHS (e - Plattform für berufliche Gesundheit und Sicherheit)
Zusammenfassung:	One of the EU primary concerns is to increase awareness on Occupational Health and Safety in working environments and to prevent possible work related accidents, diseases and deaths. Moreover, the national and international reports show that there is major demand on demand of the employees and employers for further training on OHS in order to prevent hazardous occupational incidents. Therefore, there is a strong need for the dissemination of educative training materials and the exchange of best practices on OHS area in both national and EU level. The main aim of this project is to provide easy and free access to an electronic training platform for all the parties involved with OHS on national level in order to increase the awareness of SMEs and entrepreneurs about OHS tasks, good practices and obligations and EU initiatives; the long term aim is to decrease the number of fatal and serious accidents in SMEs.
Beschreibung:	The project has the following objectives: To adopt the curricula that was prepared by the Slovakian partner for OHS training which covers EU legislation, and labour protection management system in SMEs, costs and benefits of OHS in company, impact of OHS legislation upon companies; To prepare additional curricula which will include specific OHS training modules in specific sectors and the associated good practices; To train facilitators in the area of OHS for SMEs; To test the e-learning platform in Turkey and Bulgaria on a group of facilitators from SMEs; To disseminate project outputs to all SMEs, social partners and NGOs in order to increase their awareness in OHS; To decrease occupational related diseases, accidents and deaths.
Themen:	*** Lebenslanges Lernen *** Anerkennung, Transparenz, Zertifizierung *** Fernlehre *** Unternehmen, KMU *** Weiterbildung ** IKT
Sektoren:	*** Baugewerbe/Bau *** Verarbeitendes Gewerbe/Herstellung von Waren *** Bergbau und Gewinnung von Steinen und Erden
Produkt Typen:	Module Lehrmaterial Fernlehre Unterlagen für offenen Unterricht CD-ROM DVD Programme/Curricula Homepage
