Q-PLM

LdV/DOI

Project Nr° 538379-LLP-1-2013-AT-LEONARDO-LMP

WP 5: Research and analysis-planning

Analysis and documentation questionnaire

Partner data

Name of partner organisation	
Type of the partner organisation (Vocational training center, university, Chamber, …)	
Partner number Q-PLM	

Part 1 - Research on indicators determining quality assurance of VET products

1. **Who are the VET providers in your region/country?**

2. **What VET providers contributed to the questionnaire?**

3. **What QA system do the VET providers that you interviewed apply?**

4. **Do they apply PLM methods? PLM software? What is their experience?**

5. **Why do people consider an indicator as valuable?**

6. **Any important information you may want to share on your research phase?**

Please list the internal (within your organisation) providers of indicator suggestions	

Please list the names of the external providers of indicator suggestions		

Part 2 – Research on variables of indicators determining quality assurance of VET products

To be completed in a later stage of the project

Part 3 – Research on good PLM methods

To be completed in a later stage of the project

Part 4 – Research on good PLM software
