

KNOWING INTERESTS – SHOWING SKILLS (KISS)

1. Internal Newsletter

March 2014

Dear all,

This is our first internal newsletter. The idea of it is to summarize all the activities that were going on during the last months and to inform you all about it. Meanwhile I had phone calls with all of you except with Mihaela, with whom I emailed a lot instead. In addition to that I had a monitoring with our National Agency on Wednesday 26th by phone. That went very well. In this newsletter I will give you a summary of the progress with regard to the workpackages.

WP 1 Adaption and translation of the ProfilPASS into partner languages 10/13 – 6/2014

All of you are working on the adaption and translation of the ProfilPASS into your languages and make it suitable to your national needs. If possible we need from all of you the suggestions for the adaption before the meeting. At the meeting we will have time to discuss the process. If you have created new examples it would be interesting to present them at the meeting. The publishing company wbv will then transform your word files into printable versions during the month of June. You can then print the versions in your countries.

WP 2 Adaption of the Train-the-Trainer concept 10/2013 – 9/2014 and WP 3 Training of counselors 10/2014 – 5/2015

Ralf Kulesa and Brigitte have had several phone calls and a face-to-face meeting in March 17th in Dortmund, Germany, in order to prepare the training and even more important – the concept and materials for the training. We will present the baselines of the concept to you in May in Paris.

The training of trainers and the meeting was originally planned for October 2014 in Hamburg OR Berlin. Berlin is the preferred city because it is easier to fly to from multiple directions. The German National Agency agrees to choose Berlin as the location for our training of trainers. **Ralf and I will send you a mail what dates are possible for a training in November 2014 next week.**

WP 5 Dissemination and exploitation 11/2013-11/2015

Website: Ron and Brigitte exchanged first ideas about the website. We will present you a first draft at our meeting in May in Paris. **Please send to my colleague Susanne Haferburg the logos of your organizations.**

Videos: At our meeting in Bosnia Malaga Amra showed to us some videos that they produced for the dissemination of the ProfilPASS called Pasoš kompetencija. Here they are again with subtitles in English:

<http://www.youtube.com/watch?v=JogCjiSQVZw>

Meanwhile she and her colleagues have produced more videos where people who have used the Pasoš kompetencija are reporting about their experiences. (Tesimonials)

We think they are really brilliant! Well done!! We should use them as a model for our videos.

Newsletter: Each partner is responsible for one newsletter. My suggestion is that I will start with a first newsletter after our next meeting in Paris. The newsletter should be included in our website.

Online Forum: The online Forum is part of the German ProfilPASS website. It is like a social network for all people who are interested in the ProfilPASS. We can use it also use it for our project. Therefore we will create a registration in English.

Flyer: in Malaga we discussed the idea of producing a video with testimonials instead of a flyer. Nevertheless Mihaela and her colleagues have produced a flyer in which the KISS project is included. **The flyer is attached to this email.**

Other dissemination activities:

Germany: In November 27th I presented the ProfilPASS and the KISS project at the conference from the network EUROPEMOBILITY. There I met Vassiliki Tsekoura, she is the Training Director of an organization called DAFNI KEK from Patras, Greece. Vassiliki was very enthusiastic about the tool and asked for permission to translate and adopt the ProfilPASS into Greece. I think that it is a very good idea and Vassiliki already started with her project financed by them. She and her colleagues will also benefit from the products we develop during the project. **Attached you find a little presentation of Vassiliki and her organization.**

Bosnia: Amra invited 40 journalists to a brunch at two different locations. There she presented the videos. The journalists were so positive about it that they showed the videos at television. Two ministries are interested in the ProfilPASS for young people. Amra will start to translate it in winter this year. At the end of February Amra organized a meeting with 14 counsellors of the Pasoš kompetencija. There they agreed to create a training of counsellors with five modules. The German ProfilPASS trainer Renate Söffing is giving advice.

Slovenia: Mihaela and her colleagues have had two meeting with the organization for employment in their region (in January and in March). Also they have presented the project at one conference and announced it at their website.

If you have more (dissemination) activities to report, please send them to me! It is important for the mid term report!

See you in Paris!

Best wishes from Brigitte
