

# Modern Cinderella

## Goal of the game:

The goal of the game is educational. Knowledge in the field of fashion, design and cosmetics are given to the player. The player gains skills which can be used in practical tasks and he/she develops skills to work with specialized software "Paint".

## Story of the game:

Cinderella wants to go to the ball, but she is hard pressed to choose her dress, accessories, cosmetics and make-up, because she has limited budget at her disposal. Her Godmother, a fashion consultant arrives to help. She is known as "The Magician" in the fashion circles because she can do miracles. She gives Cinderella some challenges to help her get ready on time for the ball.

## Mission of the game:

Cinderella has to pass through different obstacles to get prepared on time for the ball.

## Challenges:

### **First level:**

**1. Challenge** - "Cinderella, I will send you some pictures of dresses from different historical periods. Take a good look at them and choose the one which comes from the 19-th century."

As a prize the player gets the pieces of a puzzle.

If the player can't cope, he/she gets a text with a description of the dresses from the 19-th century.

**2. Challenge** – "If you manage to arrange it, you will see what the design of your dress is. But this is only the first step of completing the whole outfit."

If the player can't cope, he/she can look for help from a friend.

**3. Challenge** - "Colour and decorate your dress using the program "Paint""

If the player finds it difficult, he/she can visit a certain link on the Internet.

### **Second level:**

**1. Challenge** - "You already have a dress, but it is not enough to be "Queen of the ball". Choose suitable evening make-up from the following images. Using "Paint" add the chosen make-up to the dress.

If the player has difficulties he/she can use a certain link on the Internet.

The prize the player gets is a link to a video where he/she can watch how professional make-up is being put.

**2. Challenge** - “ The next important step is the selection of a hairstyle. It has to be in accordance with the shape of the face and the occasion. Choose suitable hair style from the following images. Then using “Paint” add the chosen image to the dress.

If the player needs help, he/she gets a certain link on the Internet.

The prize the player gets is a link to a video where he/she can watch how an elegant hair style is made.

### **Third level:**

**Challenge** - “If you want to be irresistible and to shine in all your beauty at the ball, you will need accessories too. Not always expensive is the best . It is very important to select suitable accessories. Choose accessories which will match your dress from the following images. Then using “Paint” add them to the dress.

- jewels
- shoes
- bags
- gloves

If the player cant cope, he/she can look for help from a friend.

The prize for the player is free transport. The player has three options to choose from.

### **Levels:**

The game consists of three levels:

- First level – Cinderella has to cope with three challenges.
- Second level – Cinderella has to cope with two challenges.
- Third level – Cinderella has to cope with one challenge, divided into four parts.
