 Projekttyp: Netzwerke
 Status: bewilligt
 Land: EU-Zentralisierte Projekte
 Marketing Text: Der "Entrepreneurial Skills Pass" ist ein drei-jähriges Projekt, welches erfahrene Partner aus dem Bereich der unternehmerischen Bildung miteinander verbindet. Die Ziele des ESP's sind die Bereitstellung eines Zertifikats, welches die Verbesserung von Berufsaussichten unterstützt sowie eines umfassenderen Nachweises von Fähigkeiten und Kompetenzen, nach denen Arbeitgeber suchen; Ausbilden und Qualifizieren von mehr LehrerInnen in berufsbildenden Schulen, um die Werkzeuge des Zertifikats verwenden zu können; Beteiligen und Involvieren von Unternehmen und Industrie durch Teilnahme bei unternehmerischen Bildungsaktivitäten an Schulen ebenso wie Unterstützung des Zertifikats durch Angebote weiterführender Entwicklungsmöglichkeiten für erfolgreiche KandidatInnen. Schließlich zeigt der ESP die Vorteile der unternehmerischen Kompetenzen sowie das Durchdringen der Methodik auf. Wie viele SchülerInnen schließen den schriftlichen Test erfolgreich ab; wie viele LehrerInnen wurden geschult; wie viele Unternehmen melden sich an und welche Möglichkeiten können die SchülerInnen als Ergebnis weiterführen. Der ESP besteht aus einem Praktikum, einer Selbsteinschätzung und einer Prüfung.

Zusammenfassung: The Entrepreneurial Skills Pass (ESP) was a three year project co-funded by the European Commission (under the Leonardo Da Vinci Programme) involving a consortium of 14 organisations across Europe.
 The ESP is an international qualification that includes a full-year in-school mini-company experience; a self-assessment of entrepreneurial competences; an examination of business, economic and nancial knowledge and the possibility to access further opportunities offered by small and large businesses, top higher institutions and international organisations across Europe.

Beschreibung: The Entrepreneurial Skills Pass (ESP) is an international qualification developed by a consortium of 14 organisations across Europe co-funded by the European Commission (under the Leonardo Da Vinci Programme) as well as by private sponsorships. Today, the ESP is available in 25 countries/organisations across. Europe.
 The objective of the project was to develop an international qualification of the knowledge, skills, and competences acquired through an entrepreneurial experience. It consists of three key elements:

- a real entrepreneurial experience that takes place in school during the year and includes mentoring from business people and through competitions;
- a self-assessment where students involved in the entrepreneurial experience reflect on their competences as they progress through the year;
- a final examination of business skills and economic knowledge and the possibility to access further opportunities offered by small and large businesses, top higher institutions and international organisation across Europe.

The ESP's goals are to provide a certification tool which can help improve job prospects and act as more comprehensive proof of the skills and competences employers are looking for; train and certify more teachers in vocational schools to use the tools that lead to the certification; engage and involve business and industry by having them participate in entrepreneurship education activities in schools as well as endorse the certificate by offering ongoing development opportunities for successful candidates. Ultimately ESP will track gains in entrepreneurial competences and penetration of methodology.

Main Outputs/Results:

- Develop the certification package in 9 languages of the EU Grant + 11 additional ones (Czech, Danish, Dutch, Estonian, English, French, German for Austria, Germany

Produkt 'The Entrepreneurial Skills Pass final exam'

Titel: The Entrepreneurial Skills Pass final exam

Produkttyp: Module

Marketing Text: Development & localisation of the final online exam system of the ESP.

Beschreibung: At the end of the ESP programme, students take a final exam to certify their business, economic and nancial knowledge. The ESP Exam is delivered through an online platform that is available only in a specialized test centers where students can go and take the exam in a formal setting. Apart from the online platform, 10 exam streams were developed during the project.

There is a direct link between the activities experienced in the entrepreneurial experience and the exam. Therefore its questions are focused on skill-based tasks with an emphasis upon applied understanding and practical scenarios rather than solely assessing knowledge and factual recall. It is focused on 4 main categories that describe the main areas of knowledge students should have acquired during their entrepreneurial experience:

1. General understanding of organizations
2. Main steps and legal requirements
3. From the idea generation to the market
4. Financial resources & budgeting

Zielgruppe: Students and teachers involved in the ESP certification.

Resultat: The online platform and 10 exam streams available in 20 languages (Czech, Danish, Dutch, Estonian, English, Finish, French, German for Austria, Germany and Switzerland, Greek, Hungarian, Italian, Norwegian, Romanian, Slovak, Spanish, Swedish, Russian, Turkish).

Anwendungsbereich: Evaluation - one of the components of ESP qualification.

Produkt 'The Entrepreneurial Skills Pass teacher toolkit'

Titel: The Entrepreneurial Skills Pass teacher toolkit

Produkttyp: Lehrmaterial

Marketing Text: The ESP teachers' toolkit is an online tool for teachers involved in the ESP. It provides teachers with a step-by-step description of the qualification process, additional learning materials and explanations about how to use these them.

Beschreibung: JA Europe together with WKO developed an online teachers' toolkit which incorporates the 3 parts of the project: practicum (student company experience which includes mentoring from experienced business people and competitions), a self-assessment (questionnaire where students reflect on their entrepreneurial competences as they progress through the year) and an examination (a test of enterprise knowledge and skills). The guide aims to give teachers all the necessary information about the components of the project and how they can guide students through each step.

Additionally, the following set of learning materials are available for teachers involved in the project:

- Syllabus is a useful tool for understanding the learning outcomes of the JA Company Programme and the main topics of the final exam.
- Teacher's Glossary provides a list of business terms and concepts which are useful to guide the students from the mini-company experience to the final exam.
- Online Demo is an example of the final exam that can be used as a test to verify how much a student is prepared for the ESP final exam.
- HP LIFE e-learning is a free, online training program that enables students and teachers to gain business and IT and strengthen their preparation for the final exam.

All these tools aim to facilitate interaction between teachers and to offer them the necessary support to prepare the students throughout the year as well as to disseminate the project locally.

Zielgruppe: Teachers involved in the ESP.

Produkt 'Quality Plan'

Titel: Quality Plan

Produkttyp: Evaluierungsmethoden

Marketing Text: The quality assurance plan supports the quality and evaluation activities of the Entrepreneurial Skills Pass.

Beschreibung: The Project Quality Assurance Plan documents the necessary information required to effectively manage project quality from project planning to delivery. The purpose of the quality assurance plan is to ensure that project outputs meet quality expectations. To this end, the quality assurance plan defines the monitoring and evaluation methodology used to assess the project (activities and outcomes) as well as the quality of the outputs. Moreover, the plan outlines the quality metrics each consortium member has to comply with.

Zielgruppe: The intended audience and users of the Project Quality Assurance Plan is the project manager, project consortium, the steering committee, EACEA and the external evaluator.

Resultat: The quality plan provides an overview of the project's objectives together with the corresponding quality metrics, the targets set for each of the indicators and the source of verifying each quality metric. These are the targets that the project will be evaluated against in the final evaluation report.

Anwendungsbereich: Project evaluation - e.g. make sure that the project is EFFECTIVE (doing the right things, which means achieving the goals set out and deliver products that meet the requirements) and EFFICIENT (doing things right – that is to plan and monitor the project progress to have a sort of early warning system to detect issues that could become serious if left unattended).

International Summit for Educators

Datum 19.09.2016

Beschreibung The International Summit for Educators was jointly organised by JA Europe and the Austrian Federal Economic Chamber (WKO). More than 150 educators and practitioners from 25 countries across Europe attended the event that combined plenary sessions, trainings, workshops, and peer learning activities.

The aim of the Summit was to discuss how to support entrepreneurial schools, how to develop effective teacher education systems for entrepreneurship and how to ensure the Entrepreneurial Skills Pass reaches more and more students and spurs job creation.

During the 2 day Summit the participants had the opportunity to:

- Learn about the ESP certification, its impact on students, teachers and businesses.
- Celebrate the ESP with its 22 participating countries and explore its potential to grow outside Europe.
- Discuss the global trends affecting education and educators.
- Get information about the tools and methods to support development and assessment of entrepreneurial learning outcomes.
- Participate in trainings and networking opportunities as a part of our Continuing Professional Development.

The Entrepreneurial Skills Pass at the Enterprise 2020 Summit

Datum 16.11.2015

Beschreibung JA Europe and ESP partners joined countless organisations and companies in supporting business growth by participating in CSR Europe's Enterprise 2020 Summit, where they presented the ESP. To highlight the significance of the ESP, a breakout session was held with the objective of discussing "innovation in entrepreneurship education" and how the ESP can contribute to great impact. During the event, 3 ESP holders were able to share their experience and even present their mini-company products to the audience. To stress the important role business plays in supporting the success of young people, the session furthermore welcomed representatives from AXA, ManpowerGroup, SAP and the new European Commission's initiative, Drop'pin, to share why they support the ESP's further opportunities.

Launch Event

Datum 23.07.2014

Beschreibung The project was officially launched to students, teachers and business partners in July 2014 during the JA Europe Company of the Year Competition, hosted by JA Estonia in Tallinn. It gathered together over 500 participants. The event is a showcase of the best student companies of the year from across Europe. Student companies that have won their national competition compete for the championship. They are judged by a panel of business people on their annual reports, marketing, sales strategy, company presentation, product and/or service. During the event, the Entrepreneurial Skills Pass was officially announced with activities for teachers and students organised by the Consortium by harnessing the presence of partners and companies endorsing the certificate.

National Focus Groups meetings

Datum 29.11.2013

Beschreibung Each partner country set up one National Focus Group (NFG) composed by expert individuals from a variety of institutions and partners (JA members, national social partners, VET authorities, VET Schools/Educators, business partners). The National Focus Groups were called to provide input, give advice, raise awareness on the ground, ensure engagement, and help to disseminate ESP outcomes. Each National Focus Group helped to reconcile the differences in school systems to make easier to transfer approaches from country to country in an effort to offer young people a certification that is valued trans-nationally. More specifically, the role of each National Focus Group was:

- To provide input and insight on the Entrepreneurial Skills Pass.
- To help work more effectively with school authorities.
- To help get a better link with the world of work.
- To look for a good endorsement from a wide range of institutions.
- To assist in awareness-raising and to contribute to project reports/e-briefs.
