Project Information

Title: Multimedia distance training package for Eastern Eur. on Integrated Coastal Man.

Project Number: NL/00/B/F/PP/123015

Year: 2000

Project Type: Pilot Project, project with multiplying effect (2000-2006)

Status: completed

Country: NL-Netherlands

Marketing Text: This project aims at making integrated coastal management accessible to professionals in Central and Eastern Europe. The method of choice is a dist...

Summary: This project aims at making integrated coastal management accessible to professionals in Central and Eastern Europe. The method of choice is a distance vocational training package using electronic media. Also to develop and test new IT based training modules for topics of this and similar contents as this methodology is both cost effective and most suitable for life-long learning. A third objective is to train ICM trainers in accession countries "on the job" in innovative distance training techniques.

Description:

Themes: * Recognition, transparency, certification
* Initial training

Sectors: * Other Service Activities
