e-Work plan for AVC-students:

Music Video

<p>The name of the eWork task and the main idea:</p>	<div style="text-align: right;">  </div> <p>“Music video”</p> <p>The aim is to product a common music video from partner products</p> <p>The project consists at least three partner teams in separate countries/schools</p> <ul style="list-style-type: none"> • One team is a team leader • A common music track is chosen by the leader team (you can use only copy free tracks) • Every team will do their own 5 minutes “music video” around the music track. • Every team have to send their video to the leader team (by DVD, or via network) • The leader team will edit the final video by using partner videos. • The products will be analysed by the partners and feedback will be given on the website •
<p>At least two schools who work together:</p> <p>School 1 = ? Students?</p>	<p>Teachers and students at least from two countries/schools working together as described above.</p>

<p>School 2 = ? Students?</p> <p>School 3 = ? Students?</p> <p>....</p> <p>School n = ? Students?</p> <p>The schools, students and teachers will be decided at the beginning of the the task</p>	
<p>How to work together?</p> <p>How to do the eWork task together in the internet?</p> <p>Schools will decide by themselves when the e-Work project task begin and end!</p>	<p>How do the students work on this eWork task? Give a general description on the tasks but leave "open questions" too. The idea of the problem-based task is to leave the work for the students!</p> <p>Remember to encourage communication between schools and individuals!</p> <ul style="list-style-type: none"> • The project leader is one partner team • The leader will choose the music track for the video. All teams use the same music track and make a music video for it • every member team (students and teachers) agree to comment the exposés, their production plans and files on the platform • max. length of music: 5 minutes • technical issues: <ul style="list-style-type: none"> ○ avi.files will be sent by dvd/minidv/ or saved to network server from where these can be downloaded. (Tampere College/Juha) • Every team will make their own shooting and editing timetales and production plans. Exposés and production plans are uploaded to the platform (remember deadlines) • upload the music files to the platform (remember deadlines) • All documents and comments are on the common website

<p>Aims:</p> <p>What are the subjects, things and tasks inside the national curricula that the students learn while doing this eWork task?</p>	<p>To learn:</p> <ul style="list-style-type: none"> ○ How the make production plans and timetables ○ How to make music video manuscripts ○ Video shooting, lighting and editing ○ communicating across borders ○ working in an international team ○ using English ○ to understand different views on the same thing ○ using internet and ICT
<p>The educational field/study year:</p> <p>What basic education and training should be studied before this eWork task? (remember, while doing the task, students study new things which they don't know before)</p>	<p>Can be used with all students if the teams are about at the same level.</p> <p>The first year students can do simpler video than the second or third year students.</p>
<p>Number of weeks, hours; How long does it take to complete the eWork task?</p>	<p>Recommended time 5 working days</p> <p>1 day for manuscript 1 day for production plans 1 day for shooting 2 day for editing</p> <p>Can be done foreexample one day/week in five weeks</p>
<p>Timetable (start, end, check points)</p>	<ol style="list-style-type: none"> 1. The partner teachers will decide the timetable of the eWork task together 2. Each team (teacher and students together) will make the shooting and editing timetable by themselves.
<p>Who (teachers) are responsible for the task:</p> <ul style="list-style-type: none"> • At the college? • At the partner colleges? 	<p>Will be agreed when the eWork task starts</p>
<p>Limits and rules:</p> <p>What is the framework (cost, equipments, size, dimensions etc.) and rules while completing the</p>	<p>Common rules and parts will be agreed together</p>

<p>eWork task (whole/ part)?</p> <p>For example:</p> <ul style="list-style-type: none"> • Which programs and versions are used? • What is the format of files? • Which fonts are used? • Where are the files (server/directory)? • Where will the concrete project work be done and how (if)? • Whose gonna make the final editing? 	<p>One team is a leader of the project</p> <p>Internet server and project work programs have to be agreed in advance (for example "Windows Sharepoint Services, Moodle... etc.) is ????</p> <p>All material (sound and video) must be copy free.</p> <p>Students can use only the video material they have shoot by themselves</p>
<p>How to do the project?</p> <ul style="list-style-type: none"> • How to work (hours/weeks, project weeks etc.)? • By computer? When? Where? • How to organize common work times? • Using Skype, Messenger, discussion board or other communication tools? • How to use emails? 	<ul style="list-style-type: none"> • Timetable will be planned and agreed in advance by the teachers and completed within the normal school program. • The recommended work time is "five" full time working days. The task can be done for example four hours per week in "eight" weeks. • Normal work and communication programs are used like ??? MS-Office, Open Office, Skype, etc. • It is not needed to work simultaneously. Every college completes the task according to their own programs. • Also "on-line meetings" may be parts of the task. How??
<p>Tasks:</p> <p>What other tasks do the students have to do?</p>	<ul style="list-style-type: none"> ○ write a final report(portfolio) ○ present results for other students and teachers

1.3 Evaluation:

<p>How to evaluate the results of the tasks?</p>	<p>Students have to</p> <ul style="list-style-type: none"> ○ write a final report where is presented the
--	---

Who will evaluate the results?	<ul style="list-style-type: none"> ○ process of the video clip ○ present results for other students and teachers ○ Give feedback to the partners <p>Teachers and students together based on the report and presentation will evaluate the final product, team works and part video clips done by the partner teams</p>
Tests: what are they like, if needed?	not needed
