

Quadultrainers

“Towards a European Qualification Prototype for Adults Trainers”

Tool for the Evaluation of the Piloting Exercise in Focus Groups

31 May 2010

The following questionnaire refers to the piloting phase of the QUADULTRAINERS project, where the two competence profiles for adult trainers have been discussed with experts in focus groups. The questionnaire is to be filled in by the project partners being responsible for the focus groups.

In order to allow the presentation of aggregated results in the forthcoming project meeting scheduled to be held on 28-29 June 2010 in Berlin, you are kindly asked to send back the filled in questionnaire to

e.seyfried@berlin.de

and

birgit.achterberg@t-online.de

before the deadline, which is: **18th June 2010 the latest.**

**How do you assess the following aspects of the focus group meeting(s)
that you have held in your country?**

	I strongly agree	I mostly agree	I partly agree	I don't agree
1. We succeeded in gaining relevant experts for the focus group.				
2. Among adult training experts we perceived strong interest for the competence profiles.				
3. Among adult training experts we perceived strong interest for a European certification of adult trainers.				
4. The participants of the focus group showed by their contribution to the discussion that they interest into the topic.				
5. The introductory presentation proved to be adequate for the focus group.				
6. The moderation of the focus group was an appropriate guidance in terms of goal orientation.				
7. The selected questions were relevant for the focus group. <i>If not, which other questions were discussed or should be discussed:</i>				
8. The material (competence profiles and competence grids) proved to be adaptable to the national adult training system.				
9. The discussion brought valuable suggestions and feedback.				
10. The focus group has proven to be an the appropriate method for the assessment of the competence profiles.				
11. My recommendation for additional assessment methods:				
12. My recommendation for other assessment methods:				

13. My suggestions for an improvement of the organisation / implementation of focus groups:	
14. General comments on the piloting phase:	

Thank you very much for your kind cooperation!
