

Teaching Materials for Qualification of Specialists in Traditional Orchards

ANNEX

Reflection on the course

In an 1-10 evaluation, 1 is the lowest score, 10 the highest.

- Which was my main interest in the course?
- Which methods have particularly supported me in my learning efforts?
- Where do I need more deepening or practice? In which form?
- How do I assess my own knowledge / skills / my competence in the field of "Pomology" after the course? (Please compare with the learning objectives and assess on a 1-10 scale).

Knowledge:

Skills:

Competence:

- How do I assess my own knowledge / skills / my competence in the field of "Propagation" after the course? (Please compare with the learning objectives and assess on a 1-10 scale).

Knowledge:

Skills:

Competence:

- How do I assess my own knowledge / skills / my competence in the field of "fruit juice production" after the course? (Please compare with the learning objectives and assess on a 1-10 scale).

Knowledge:

Skills:

Competence:

- Please describe briefly:
 - For me, this is the most important thing to know and to be able to carry out in the field "Pomology":

 - For me, this is the most important thing to know and to be able to carry out in the field "Care and Management":

 - For me, this is the most important thing to know and to be able to carry out in the field "Processing and Marketing":
- Overall impression of the course (1-5 in school grades):

- Something else, I would like to say:

Participant:

Nationality	
School/University	
Sex	
Age	
Experience with traditional orchards (1-10)	
Experience with conventional fruit growing (1-10)
