

This is the last issue of our newsletter. You can find here an article about LMS platform - the main result of the project. Moreover you can read about the final conference which took place in December 2013 in Rzeszów (Poland).

- LMS platform
- Conference in Poland

- GIVE project on the social media channels

LMS platform

The GIVE LMS platform is a comprehensive source of up to date information about Web 2.0 services that may be used by VET professionals working with young people. The platform is available at lms.give-project.eu in five languages.

To access the tools and resources portal, you have to log-in. To do this you can use Facebook button, to log in using your Facebook account.

The learning material is organised in four modules:

- ✓ **Training Module** - which will equip you with necessary ICT skills to feel comfortable in the digital world

- ✓ **Sensitisation Module** - which will provide you with quick start guides on six Web 2.0 services and will show you how practical they can be
- ✓ **Practice Module** - which will serve as a management and support tool for your Web 2.0 journey
- ✓ **Evaluation Module** - which will help us improve and make a change in how ICT is perceived by different professions

Conference in Poland

The GIVE project is coming to an end. Currently, the project team concludes its work by evaluating the achievement of the objectives and planning how to use the results in the best way.

A unique opportunity to get acquainted with the idea of our project and the main achievements of two years' of work of the whole partnership was given at the dissemination conference, held on 17th December 2013 in Rzeszów at Ambassadorski Hotel. We would like to highlight this event to those who didn't have the opportunity to participate. Here, we present some of the most important information and photos from the conference (more photos at give-project.eu).

The conference was addressed primarily to professional counselors, vocational teachers, secondary school teachers of entrepreneurship and young people coming from rural areas. The official organizer of the conference was one of the Polish partners, BD Center from Rzeszow. Over 60 people gathered in the conference room and listened to the presentation, which included:

- ✓ The idea of the project and its aims;
- ✓ Results of research conducted in five countries;

- ✓ Main result - LMS platform;
- ✓ Results of testing in Poland.

Participants could ask about details of the project and realities of international cooperation. The added value for participants was presence of partner organizations' representatives (Bulgaria, Spain, Italy and United Kingdom).
