## *Best of Travelife sustainability practices*

### *Environmentally friendly excursions*

Travelife criteria : **Travel advice – sustainable offers**

In our programs for bus tours to Mazury, the Land of 1000 Lakes, we encourage our customers to explore the lakes by traditional boats without fuel engines (a rafter pushes the rod). This is certainly a more environmentally friendly manner of exploring the beauty of Masurian lakes than a standard ship cruise.

## Engaged suppliers

Travelife criteria : **Baseline assessment - Overview partners / suppliers**

You CAN choose your supplier...

S-Cape has informed its partners and suppliers that it has begun work which will be certified by TRAVELIFE and asked them if they are involved in sustainability in any way as well as what it is they are doing in this field. From about 800 businesses asked, only 10 sent a reply.

The goal of S-Cape is to prepare a more detailed relative questionnaire and to address first its bigger and most important suppliers. This will be approximately 15 suppliers with a turnover over EUR 10,000 per year.

**S-cape Travel (Greece) in brief:** S-cape Travel organizes walking, cycling, cultural and food & wine tours in France, Greece, Italy, Spain and other European countries.
