Take only pictures, leave only footprints

Travelife criteria: **Excursions - No excessive negative impact activities**

Safety is our first concern: while we take pride in offering "off the beaten path" holidays, we do make sure to stick with the routes we are 100% sure are safe, even for families with children. Our employees have helped map and lay out trails which we use today on Koločep Island. We believe sticking to these hiking trails is very important, as it keeps our guests safe, preserves the environment and leaves it undisturbed.

On our trips, we bike on paved or existing cycling roads, walk and hike on existing paths and ask our guests not to feed, fish, hunt or disturb animals. Our company strives to promote those types of tourism in which use of motor vehicles is minimal. We are proud of the beauties Croatia has to offer and of the fact that we were the first to combine them with activities for offer to the public. We encourage you to travel on foot, by bike, kayak, canoe, raft or sailboat. Our motto is - take only pictures, leave only footprints.
