# MaecVET Project

MaecVET project is funded with support from the Lifelong Learning Programme of the European Commission and started in October 2012. It aims at developing an e-portal for massage and physiotherapy professions in Europe with a view to increase the mobility of labour across Europe. The aims of MaecVET project are as follows:

- Description of qualifications in terms of units of learning outcomes of massage and physiotherapy professions that will facilitate transnational comparison and mutual recognition of vocational and higher education certificates and diploma
- Development and promotion of a brand new e-portal which will link various stakeholders and target groups with each other to improve vocational education and training and the labour market situation in the field of massage and physiotherapy professions across Europe

## eucapo

### European Career Portal for Massage and Physiotherapy

*eucapo* offers a variety of services for different

target groups. It links job-seekers, employers, training institutions and recognition authorities in order to achieve best results for labour mobility in Europe.

#### ➤ For job-seekers

##### *Compare qualifications*

Use *eucapo* to compare your qualification in the massage and physiotherapy sector with qualifications from other European countries. Determine in which countries you can work with your qualification and get information on the recognition of qualifications.

##### *Encounter professional training programmes*

You wish to work in another European country but are not sufficiently qualified? Examine our training offers for appropriate courses matched to your individual needs.

##### *Search job offers across Europe*

You wish to find a job in another European country? Our job database will offer you different positions across Europe. You can enter your personal profile and match suitable jobs for your qualification.

#### *Your applicant's profile*

You wish to receive interesting job offers or information on training courses? As job-seeker you can enter your personal applicant's profile and will automatically receive job and training offers that match your profile.

#### ➤ For employers

You are interested in recruiting staff from all over Europe? Offer your job vacancies on *eucapo*. You can enter your company profile as well as a detailed job description to find suitable employees.

#### ➤ For training institutions

You wish to support other Europeans to find work in your country? On *eucapo* you can offer training courses for job-seekers from other European countries. These can include complete vocational training courses or single modules/units matched to the qualifications from other European countries.

#### ➤ For recognition authorities

For your decision on the recognition of foreign massage and physiotherapy qualifications you can access detailed information about the different qualifications. On *eucapo* you can compare learning outcomes, curricula, legal frameworks and EQF classifications. This helps you to identify and analyse similarities and differences.
